

## Warm-up style uniform:

The Band is adding a new type of uniform to our current uniform palette, the lightweight warm up. It is a navy blue with white accented tricot knit jacket with a matching pant. A band logo is embroidered on the left side of the chest. They will be worn in combination with the gray band t-shirt or the current year's show shirt. They are intended for casual performances and some traveling performances at the director's discretion. The band members will be fit every year for these along with the marching uniform.

Band Members will have the option to purchase their warm up for \$60.00. Knowing that kids grow, there will be a trade in option for those who purchased their warm-up.
